## Music publications made in Luxembourg

Luxembourg Music Publishers a.s.b.l. is a non-profit organisation founded in November 2013 and supported by Luxembourg Ministry of Culture.

Our main objective is to promote composers from Luxembourg or in close contact with our country, by selling their music scores for performance or for pedagogical purposes. We inform about their activities, link to their personal home-page. Furthermore, we link to other interesting artists, music groups or organisations involved in this repertoire.

As a first step LMP's publication activities were mainly focused on living composers. Meanwhile, the majority of Luxembourg composers is being published by LMP.

Our association was recently awarded a substantial financial support by Œuvre Nationale de Secours Grande-Duchesse Charlotte Luxembourg, allowing us to extend our scope by publishing important works of composers of former generations. We will shortly offer a representative overview of Luxembourg musical heritage.

Another important project is our Pedagogical section, which offers interesting musical literature for instrumental training on a contemporary basis.

LMP's catalogue has grown up to more than 530 publications. All of them are all of great interest, as well from their musical content as from the aspect of their importance for the instrumental repertoire. Our website is gradually becoming an important platform with lots of information to gather or to exchange.

The concept is based on « print on demand », every score is digitalized, registered with our personal reference and the ISMN reference, stored on hard-disc and printed if ordered. The production time is very short and allows to respond within a few days to any order.

The most effective way to buy scores is our online-shop with PayPal plugin or bank transfer possibility. You may proceed as well by sending an email or in a more traditional way by posting your order.
